NEW HIRE SAFETY INCENTIVE

As a new T.W. Frierson employee-owner, we are concerned about your safety and being new to our company, our methods and the job site. Regardless of how long you have worked in construction, you must wear a yellow hard hat until you complete our **Construction Safety Advancement Program (CSAP)** to remind your supervisor and co-workers that you are new to the company. This allows them to see you from a distance and provide mentorship as needed.

All field and shop employees are eligible to earn a \$250 safety bonus gift card by working safely and completing the CSAP program. This gift card will be delivered to you at the job site by our EHS Manager as quickly as possible. Once you have completed the CSAP program, you will also receive your white hard hat.

You will not earn a gift card if:

1. You have an incident/injury
2. You receive a safety reprimand
3. You receive a confirmed positive result on a drug test; or
4. You leave employment before your gift card is due to you

If, during your first 90 days of employment, you have an incident/injury or receive a safety reprimand, your “graduation” to a white hard hat will be delayed until you have a continuous 90 days of employment without an incident/injury or safety reprimand.

ZERO INCIDENT SAFETY INCENTIVE

If we work a month without having any incidents/injuries, all field and shop employees receive \$1.25 per hour for every hour worked in that safe month. If one recordable incident/injury occurs, the incentive drops to \$0.25 per hour for every hour worked in that safe month. If there is more than one recordable incident/injury, no incentive will be paid for that month.

You will not receive a bonus if:

1. You have an incident/injury
2. You receive a safety reprimand
3. You receive a confirmed positive result on a drug test; or
4. You leave employment before the end of the month

Each job site that has had zero recordable incidents/injuries for that month will earn a free safety lunch for all of our employees on that project.

Our core values are defined by our people and highlight the character of our company. Starting with our founders and continuing with our current staff, our values are named after actions we see our incredible team exhibit every day.

TREAT OTHERS LIKE FAMILY

People are at the heart of T.W. Frierson. We work hard because we’re accountable to one another. We don’t just build buildings, we build careers and create meaningful relationships — we **treat others like family**.

CLEAR THE SIDEWALK

We’re responsible for the experience we create. While some people prefer to “roll out the red carpet” for a select few, we like to **clear the sidewalk** for everyone.

4AM DOUGHNUTS

We always go the extra mile to show appreciation and gratitude. Small gestures, like delivering **4am doughnuts** for an early morning concrete pour, make a big difference.

DIG THE PIT

“That’s not my job” isn’t in our vocabulary. Each person does what it takes to get the job done right. Regardless of rank or tenure, if the pit needs digging, you **dig the pit**.

TEAR OUT THE CONCRETE

We strive to do the job right on the first try. And when a mistake happens, even if it could go unnoticed, we owe it to our team to **tear out the concrete** and fix it.
